

Inflatable LC-12

Designed for air-drop,
the world's first
rapid inflatable
totally off-grid
soft wall shelter

- Life Cubes stack to store
- Hoops to reposition the unit
- Unfold to deploy in 5 minutes
- Strike & store in any weather

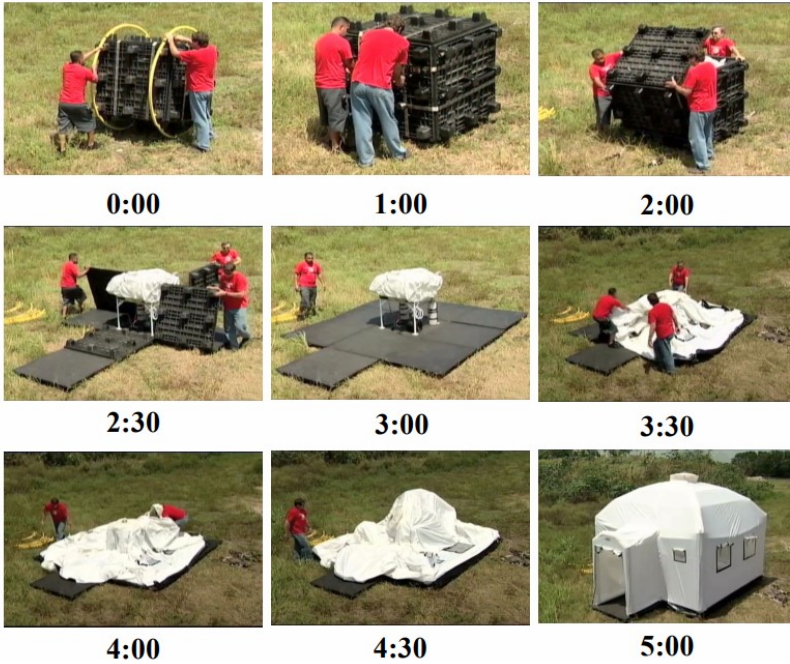

"As the end-user of temporary shelters in the most austere conditions, the suite of Life Cube products would have made our logistic support vastly easier, more nimble, and more capable."
30-Year Navy Seal
Captain

Built to be Tough. Self-Contained w/Provisions.

Durable shipping container unfolds into a raised foundation. Easy and fast set-up time (5-minute unpack and inflation, 17-minute re-pack). Spacious interior: 11 ft. width, 12 ft. headroom, over 160 square feet of usable space. Sleeps 6 comfortably, 12 in extreme conditions. Integrated Lithium-ion power system with inverter. Off-the-grid self-sufficiency (400w solar power pack, water collection).

"Life Cube is critical to providing capability at the edge." CB Exec. VP
Indiana Innovation
Institute

Robust frame construction and telescoping aluminum infrastructure. Skylights. Air circulation fan.
